K4Community Plus App
Is Your Device Compatible?

Hi there! This document will help you determine if your device is compatible with the K4Community Plus app. Read on for more information:

Device Requirements:

Mobile Devices

Apple devices:
- iPhone 6 or later
- iPad 5th generation or later
- iPad mini 5 or later
- iPad Air 2 or later
- iPad Pro
- iPod Touch 7th generation or later

Android devices:
- *See Operating System Requirements*

Desktop Devices

K4Community Plus is accessible at **K4Community.com**. We recommend using Google Chrome as your web browser.

K4Community Plus currently does not work on Amazon Kindle devices.

Operating System Requirements:

Apple devices: iOS 13 or later
Android devices: Android 8.1 or later

You can find your device's Operating System information by going to the device settings. You may need to update your device to the most recent Operating System in order to download the K4Community Plus app.
